

# Portrait Touchscreen Kiosk

Engage your audience with an interactive kiosk solution from ABCOMRENTS! With its sleek design accentuating the 55" Multi-Touch LED display, this is one kiosk that is sure to stop the passerby! The kiosk has an integrated Dual-Core I5 Processor, Windows 8 and built-in wireless capabilities. Your audience can interact using up to 10 simultaneous touch points! Rent with confidence and bring your event to life with this modern kiosk today!

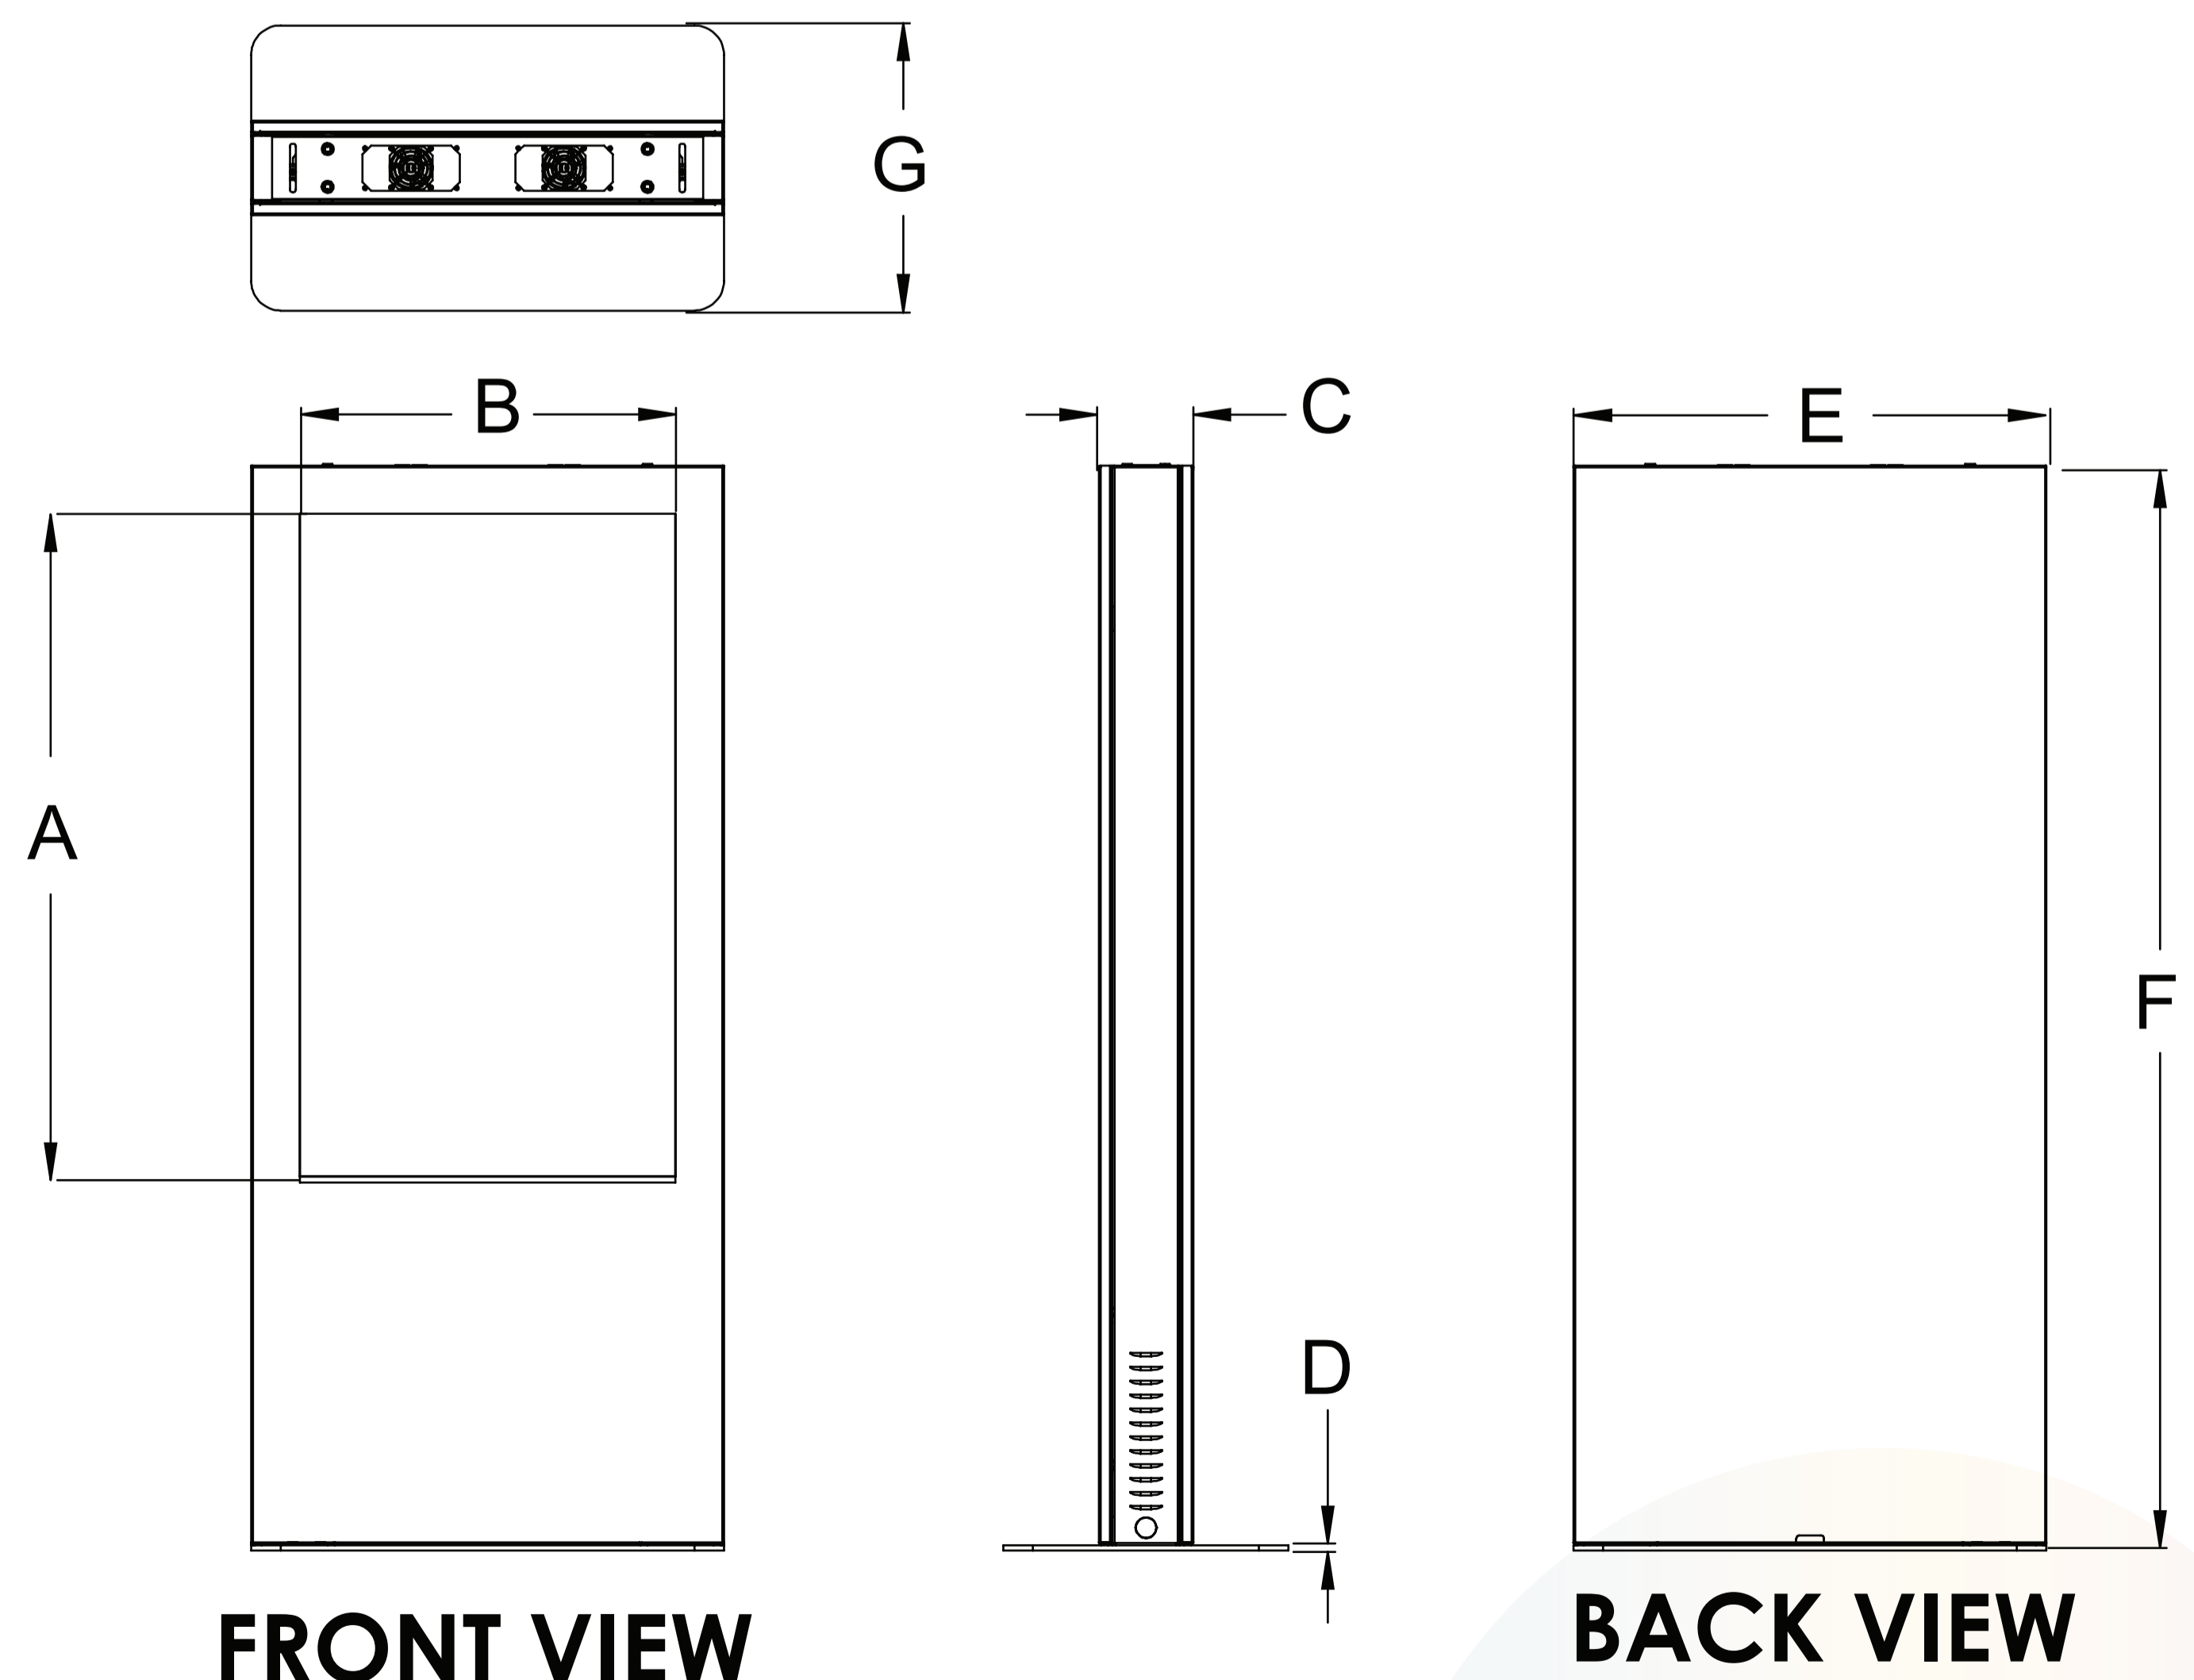

## Features

This next generation kiosk brings you a slim, fresh look with security all in one that is fully brandable! The secured door allows for quick and easy access to the display while preventing unwanted access inside of the kiosk. Easily transported nationally with convenient service locations throughout the United States.
